**Citizenship:** South African

---

## Professional Summary

Proficient Junior Software Developer with hands-on experience in frontend and backend web development and object-oriented programming. Proficient in key programming languages and using modern MVC frameworks, with a strong foundation in coding, debugging, testing and collaborating in team environments. Eager to grow in cloud technologies, data analytics, and e-commerce platforms. Passionate about continuous learning and improving skills in software development. I am also interested in learning more about CRM systems and contributing to innovative projects.

---

## EDUCATION

<b>ALX</b> , Johannesburg, South Africa Salesforce Administrator	2024 To Present
<b>Vaal University of Technology</b> , Vanderbijlpark, South Africa National Diploma in Information Technology	2013 To 2016
<b>Jeppe College</b> , Johannesburg, South Africa NCV: IT-Programming	2010 To 2012
<b>Tondalushaka Secondary School</b> , Limpop, South Africa National Senior Certificate	2003 To 2008

---

## CERTIFICATIONS

TYPESCRIPT AND JAVASCRIPT	Test Dome	2022
AWS Training & Certification: Developing on AWS.	AMAZON	2018

## PROJECTS

### Romaro Group

- Developed a responsive and high-performance Romaro Group business website using modern technologies like React, Gatsby and GraphQL. [www.romarogroup.com](http://www.romarogroup.com)

**Referral:** Mr Godfrey Rapholo | Contact Number: 082 799 9178 | Email: [godfrey.romaro@gmail.com](mailto:godfrey.romaro@gmail.com)

## Vhangona Bricks

- Developed a business website and also a CRM application. The application includes features for order tracking, customer management, and sales reporting. [www.vhangonabricks.com](http://www.vhangonabricks.com)

**Referral:** Mr Loveson Mungona | Contact No: 060 741 7737 | Email: [vhangonabricks@outlook.com](mailto:vhangonabricks@outlook.com)

## Net-Wallet

- Developed an insurance platform with comprehensive functionality to handle policy management, claims processing, and customer service. [www.net-wallet.com](http://www.net-wallet.com)

**Referral:** Mr Basia Daniel Molape | Contact Number: 072 096 5739 | Email: [basiabasco@gmail.com](mailto:basiabasco@gmail.com)

---

## EXPERIENCE

### E-commerce Business and Freelancing

June 2020- Current

- Founded and managed a successful e-commerce business using Shopify.
- Designed and developed a custom Shopify theme and Implemented digital marketing strategies, including social media and email marketing.
- Developed and delivered multiple software projects for clients across various industries.

### ABSA Bank- Software Developer (Contract)

May 2019- Apr 2020

- **Developed Web Application:** Developed a responsive and dynamic web applications using a tech stack comprising Typescript (React, Angular), Python (Django), and SQL databases (PostgreSQL).
- **Developed Web Application:** Developed a scalable web applications using the Java MVC framework (Spring MVC), enhancing the functionality and performance of key banking services.
- **Optimized Backend Services:** Designed and optimized RESTful APIs and micro services.
- **Enhanced User Experience:** Worked closely with UX/UI designers to implement intuitive and user-friendly interfaces.

### ABSA Bank- Data Analyst (Contract)

May 2018 To Apr 2019

- **Data Collection and Validation:** Conducted extensive data collection on ABSA bank servers across various African countries to ensure they were operational post-separation from Barclays Bank.
- **Database Management:** Utilized SQL for querying and managing large datasets to track server statuses and performance metrics.
- Collaborated with cross-functional teams to deliver high-quality software solutions
- Utilized data visualization tools such as QlikView and Power BI to create comprehensive visual reports
- Conducted data quality checks and implemented corrective actions to maintain high data accuracy.

### ABSA Bank – Junior System Developer (Contract)

Dec 2017- Apr 2018

- **System Modernization:** Decommissioned an outdated Java system and rebuilt it using Node.js and AngularJS, showcasing experience with MVC frameworks and significantly enhancing website responsiveness and reducing operational costs.
- **Development:** Developed the application's front-end and back-end using AngularJS and Node.js, integrated with an Aurora MySQL Database. Utilized web technologies such as HTML5, AWS Cloud, and CSS3.

- **Data Clean-up:** Applied data clean-up techniques during the migration process, ensuring data integrity and smooth transition.
- **Data Migration:** Imported, translated, and migrated CSV files from IBM DB2 to MySQL on the AWS Aurora database.
- **Agile Methodology:** Participated in the full Software Development Life Cycle (SDLC), including requirements gathering, design, development, and testing using AGILE methodology (SCRUM).

### The Digital Academy – Software Developer (Internship)

Jul 2017- Nov 2017

- **Development:** Developed hybrid mobile applications and dynamic web applications using Ionic 1, AngularJS, HTML5, CSS3, Bootstrap, JavaScript, PHP, and MySQL. Ensured robust performance, cross-platform compatibility, and enhanced user experience.
- **RESTful API Development:** Designed and implemented RESTful APIs to enable seamless communication between client-side and server-side applications, enhancing functionality and user experience.
- **Database Development:** Designed and implemented MySQL databases, ensuring robust data storage and retrieval solutions. Developed and optimized stored procedures using MySQL to enhance database performance and efficiency.
- **Application Testing:** Conducted comprehensive testing of applications, including Unit Testing, API Testing, and Integration Testing, to ensure functionality, reliability, and seamless integration of system components.

---

## SKILLS

**Frontend:** React, Angular, JavaScript, HTML5, JSP, Ionic, CSS3, Bootstrap.  
**Backend:** Node JS, Python, Typescript, Express, Java, Apex, PHP, VB.Net.  
**Database:** MySQL, IBM DB2, Oracle, SQL Server, Microsoft SQL.  
**Cloud Computing:** AWS Cloud.  
**Application Testing:** Unit Testing, API Testing, Integration Testing.  
**APIs:** RESTful, SOAP, GraphQL, and JSON-RPC.  
**Software Methodology:** SDLC, AGILE, and SCRUM.  
**Data Visualization:** QlikView and Power BI.  
**Linux:** Proficient in Linux system administration, shell scripting.  
**Data Analysis and Reporting:** Advanced report and dashboard creation, and data cleaning.  
**Problem-Solving:** Ability to diagnose and resolve complex issues efficiently.  
**Adaptability:** Ability to quickly learn new technologies and adapt to changing project requirements.  
**Attention to Detail:** Keen eye for detail to ensure high-quality deliverables.
